

Owner Certified Natural Affidavit

(Initial)

The consignor acknowledges and certifies that the cattle consigned to RILM fulfill the requirements for Natural cattle.

The cattle have NEVER been:

- Fed or injected with any antibiotics or ingredients containing possible antibiotic residues at any point in their life.
- Fed ionophores (eg. Bovatec, Cattlyst, Rumensin)
- Implanted or fed any synthetic hormones, growth promotants or steroids of any kind.
- Fed any feed or supplement containing animal by-products.

The consignor certifies that any cattle receiving therapeutic treatment have been individually identified and will NOT ship without the buyer’s permission.

The consignor also certifies that they are the original owner of the cattle OR, if not the original owner, has in their possession and will provide a signed NATURAL certification from the original owner meeting the criteria specified in this affidavit.

Age & Source Verification – Program: _____

(Initial)

The consignor acknowledges that he/she has agreed to consign cattle to RILM as Age & Source Verified (ASV) and further agrees that this claim will be part of the sale contract.

The consignor understands that this declaration serves as an initial agreement that the consignor below will be Age & Source Verified through a USDA Approved Program.

The consignor further understands that completion of the audit process necessary for the consignment to be Age & Source Verified must be concluded prior to the cattle being delivered and agrees to purchase and apply provider supplied EID tags prior to delivery.

NHTC Approved - Verified by: _____

(Initial)

This designation gives export approval status to the European Union and requires verification from a third party.

I certify, with my initials above, that my cattle consigned to Roundup Internet Livestock Marketing meet the criteria herein, and are represented by me as owner/manager:
